Benvolgut fesslet vellet,

Here's your membership list
back again, with various notes. You will see that
some members are more tumescent than others.
I leave it now to you to get a footscap version
typed out - preferably as economically as possible! -
and sent back to me. I'll then xerox it for
nothing, and we can decide what to do with it.

Hope you're still having a
lovely vacation...
