Dear Paul,

Thanks for the letter; I shall be glad to come on Saturday. I'll take the day excursion, which entails catching the 9.08, which gets to Nottingham (Midland) at 10.18. If you can't meet me let me know where ~~near~~ to make for: I don't know Nottingham at all.

I'm sorry (if that's the right reaction) about your personal news. On the other hand, I welcome reinforcements to the corps of lusty Bachelors.

I have got out the minutes of the Majorca meeting; Frank is looking them over, & then I'll have them typed & sent off. The agenda was for the AEM held after the luncheon in the Majorca; I got copies made for a *pedas bé* con a secretari provisional. I'm sorry about Cheque; I have him down on my list. Can't make out what happened to Mary's invitation; I don't rely

over much on the BSC though. I think I have an up-to-date list of members.

I'll bring all the stuff on Saturday; with a bit of luck I may have the minutes typed by then. Thanks for the two addresses. Fancy living in a house(?) called Woodbine! Got^x a fag, give!

We shall have to work even harder this year than usual, as our numbers have gone up. Quality mercifully seems on the upgrade too. I am looking forward to some excellent inter-course (sorry!)

See you Sat'day,
as ever,

Steff
