Dear Joe,

Thanks for letter and circular for the A-C lunch. As it happens, I have not the list of names by me and I think it would be much quicker in the circumstances if you did ask Alcoverro to do it. Do you mind? In Geoffrey's absence I feel frustrated about this service, which otherwise we can carry out easily and quickly. I am, however, making a few corrections, including the date, which, incidentally, is the 28th not the 29th. Yes, do include on the agenda the BBC and Casals. A little can be said on both things. About the committee members, we can all be nominated again for re-election, if this does not strike you as too much. For the moment I think we should hold together as we are, not that I don't approve of new blood, as indeed I do. If we have any vacancies, that is, of people who may wish to resign, I suggest we ask Llubera to join the committee. He can get over from Belfast, since he is also on the Hispanists' Committee.

I am so glad to know you are now more permanently settled in Cambridge and hope you get the place furnished and fixed up without too much trouble.

Yes, the Portuguese trip was wonderful. I shall give you more details when we meet.

The book comes along, with long spell in front of a half-mile of microfilms from the BM and Madrid. I still have a terrible amount of work to put into it.

As you say, the pub next door to the Majorca at 12 noon on the 28th. Tate and I hope to travel done the day before to do some work at the BM so we'll be ready for a guiness by then.

As ever,

Frank Brown

PS Try to get Ferry to come to the lunch. I'd love to discuss Lisbon with him
