Professor Arthur Terry
Department of Spanish
The Queen's University of Belfast

Miss Magdalena Pons-Prats has been a student in my class at the University. She has worked regularly and well at Grammar, Essay writing and Literature. She is of good disposition and hard working; most interested in everything connected with the English language and intends to be a teacher of English in the future.

I think it would be most interesting for her if she could be awarded the scholarship for which she is now applying.
