Dear Paul,

Of course I'll do the Conference thing for you since you're stuck: communications around Edale sound rather like those in the remoter Pyrenees. But let me have all the stuff, including precise instructions of what you want me to say; send them to Sheffield, please, before Friday next; I shan't go down till then. Or, if you feel it safer, to Chingford to be collected on Friday night.

If it's not too much trouble could you send a copy of the report & an invitation to the luncheon to Mr. & Mrs. (or: Mrs. if you like) Estruch, c/o Leslie Brooks, 44 Southbourne Road, Sheffield 10, if it's not too much trouble; it doesn't matter if you can't manage it. But I'd like to encourage the local Catalans who languish in

Sheffield: it brings back attractive odours of wine &
olive oil amid the smoke of grime.
Enjoy your holiday as much as
did mine (without fiancée, alas!). I
advise your projects for work & envy
your projected travelling: Florence, Catalunya,
Rumania.

Can I pop over to Nottingham some
time in October? We'll have to see
how the timetable works out: I have
a dreadful feeling I'm committed to
a Saturday morning class. But I'd
like to see you & your boys in
your native habitat.

Adieu amico,

Geoff
