Dear Alcoverro,

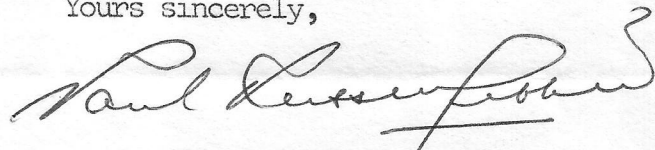

Re Miss Pons and further to our telephone conversation this morning.

I am very grateful to you for having agreed to hand over £50 to Miss Pons until such time as the Anglo-Catalan Society treasurer can extract some money from the Post Office. The problem is that we need two signatures and Brian Tate is at the moment in the U.S.A. You will see from the enclosed copy letter that I have asked Miss Pons to call at your establishment; I haven't mentioned a date, because I am not certain that she knows yet precisely when she will arrive, but I expect her to call about the 23rd/24th July, since she thinks she might be in England then or soon after.

Many thanks again for this and for the information you sent me earlier about Andorra.

Best wishes,

Yours sincerely,

Paul Russell-Gelbett
