Dear Colleague,

I am enclosing a draft programme for the conference. I should very much appreciate your comments.

At the present moment we have received 16 acceptances, 12 refusals with two doubtfuls. This is a low figure, and I would appreciate it if ~~these~~ those ^{on} ~~members~~ of the committee would do their best to urge members to reply. The secretary has been asked already to send out a reminder.

I have had one reply about the constitution I was asked to prepare. I assume that other committee members have no further comments to make.
