Dear Professor Trueta,

I am acknowledging your letter to Mr. Pennybacker about the first conference of the Anglo-Catalan Society, for he is at present in the United States. Unfortunately, Mr. Pennybacker will not be back in this country until the end of April and will not be able to come to the meeting on the 16th and 17th. I know he will be very sorry.

Yours sincerely,

Secretary to Mr. Pennybacker.
