2 April 1962.

Dear Professor Tate,

I enclose the slip for the
Conference.

I have been thinking that
you and it seems to me that
it is time my place on the
Committee was filled by someone
with a greater knowledge of
Catalan (if no greater love
of Catalonia!) and while I shall
remain a member of the Anglo-
Catalan, I should like to retire
from the Committee this year,
but wish to make it clear that this

means no lessening of support
 or interest in the Society.

I know that there are plans to
 reorganise the committee but
 I think this will help rather than
 hinder. Perhaps some one like
 Rufus Perry would like to be on the
 Committee if he is willing, in which case
 I shall be delighted to propose him
 to take his place in the case.

I did enjoy my visit to Nottingham

Yours ever,

Helen Part.
