Dear Prof. Tate,

As you can see on attached Bulletin (back page) I am making some propaganda of the English-Catalan Grammar and Dictionary of Gily. I am sending hundreds of these Bulletins to anybody asking tourist information about Andorra.

I was wondering whether it would be a good idea, in order to ~~increase~~ the Anglo-Catalan Society membership, if I were also to distribute a leaflet, together with my Bulletin, informing about the A.C.S., its aims, meetings, and so forth, giving the address of Secretary or any other member (better if it is a University address) and try our luck in making more membres.

If you think my idea suitable, I would appreciate a short writing on the A.C. S., and I would cyclostyle it and send together with the Andorra propaganda.

Sincerely,

G. M. Alcoverro.
