Dear Brian,

Here at last is my reply —
affirmative — about the A-C. Oxford
conference. I won't offer a paper, so
that the non-performing audience should
be swollen by about 50%. Also enclosed
is 5/-P.O. as student subscription for
our first student who opted for the
Catalan Special Subject course. He
hopes to come & will submit his reply
independently. Meanwhile ^{would} you & Paul
could record his membership. He is:

Bruce Hilton - Tapp,

Newlands,

60 Kingfield Road,

Sheffield 11.

Did you get a note from Jordi
Carbonell, via Andorra, on the arrest of
Barcelona students? I wondered what

to do about it, I decided to send it,
with a bit of background information, to
the News Editor of the Guardian. If they
absorb the information & use it in their
news-items about Spain, this may well
be more effective than letters for publication
to the newspapers.

Have you heard yet from Vilanova?
(I won't even ask about Batista!)

As ever,

Scott
