Dear Alan,

Thanks for the circular about the XXV Annual Conference of the Anglo-Catalan Society.

I'm afraid that I won't be able to attend and I'd be grateful if you would convey my apologies to the members at the meeting.

Perhaps you'd like to mention to them that I am librarian at the CEHI-FIEHS, University of Barcelona, where we have very good collections of periodicals, fulls volants, documents, etc from the period of the Civil War to the present, making this a very useful library/archive for those interested in the modern history of Catalunya. I enclose a leaflet about the CEHI-FIEHS and will be very pleased to receive any member of the Anglo-Catalan Society who wishes to visit.

I'm still plugging on with the thesis which should get finished this year, and I'm still looking for jobs in England. The situation seems very bad however but I refuse to give in: four years spent in Catalunya researching are too many to be thrown away on some other job.

And how are you? I look forward to news one day...

Yours

Jim Kelly
