

Oxford 27-11-81

Dear Max,

I am back home after 3½ weeks at the Nuffield Orthopaedic Centre, lying on my back with weights pulling on my spine. I can tell you it is not my idea of fun! Now I am fitted with a corset, which I shall have to wear for 4 months, but I still have to be very careful with my movements. But at least with this there is hardly any pain.

I am grateful for you after the Conference letter and for conveying the good wishes of the members. I am glad to hear the C. was a success & that Cheyne was elected President. I think it is a very good choice; I am glad.

Very many thanks for everything. Warm regards from Elizabeth & myself,

John
