Dear Brian,

Thanks for letter about F. Noel-Baker - very glad. I've written to him about the sub. I've just realised that I never wrote to the Soc's French people in Buenos Aires about the prize & I've just done it now. I also asked them to explain the English title either to you or to me.

I haven't got round to writing to Birkbeck yet, but will do it soon. I'll also get out a circular asking for money for the scholarship & send Vilanova the Treasurer's report. No peace for the wicked!

Thanks for the off-print on Arévalo - all a loved book come but most impressive. As ever
Geoff.
