Dear Mr. Russell-Gebbett,

I am sure it has occurred to you that a lecture by some qualified person on Catalonia's contribution to geography, given to the Royal Geographical Society, might well serve two purposes:

- (a) Propagate knowledge of Catalonia in England.
- (b) Bring desirable new members into the Anglo-Catalan Society.

I have had an informal word with the Royal Geographical Society. They would be grateful if such a lecture were offered to them. Their lectures are booked until June 1957.

One writes, I am told, to The Secretary, The Royal Geographical Society, Kensington Gore, London, S.W.7.

Please forgive my bothering you with this, if the suggestion is of no use. I must also apologise for writing to you as I know you are no longer Secretary, but I did not catch your successor's name at the General Meeting the other day.

Yours sincerely,

*Phyllis Pearsall* (M.Y.)
