Dear Paul,

Thank you for your letter and the final draft of the minutes of the Catalan meeting which appear to me to cover well all the points.

I have now sent in my Portuguese proposal to Gifford who is putting it on the agenda for March. Have you sent in yours yet? Although Gifford said he wanted proposals by Dec. 1st, I am sure he would be able to fit things in even after the agenda were drawn up. Llubera seems to be keen to have the latter completed sometime soon. I am sure Gifford will also be able to give you a place at The Burn, although again he might want to know soon.

We, too, are very glad term is now almost over. Our best wishes for Christmas and the New Year to all of you,

As ever,

Frank Pierce
