Dear Brian,

Thank you for your letter. Those unspeakable troglodytes are clearly panicking; otherwise they surely wouldn't have been such B.F.'s as to provide their enemies with free ammunition by their antics of the 5th of May. I shall write to Salas this week-end, and I shall be sure to mention that we shall be starting Catalan here at the earliest possible moment (he needn't know we had meant to anyhow!). I'm sorry for Salas: I had a couple of friends doing his kind of job for the State Department in South America at the height of McCarthyism, and they found even that embarrassing enough: imagine working for a Government entirely composed of McCarthys!

Yours ever,

Stephen
