Dear Alan,
Many thanks for your letter. And trusting you have had a good holiday, I wife (at last!)
Yes, the arrangement sounds fine. David told me the unusual sight of Batista on the Ramblas at Easter bowled him over (takes some doing, no?) I fully understand your dilemma, and just to say that you can count on me this year or next. I enclose a rough draft of what I hope to say. Hope it doesn't sound too dry.

Anyway, I look forward very much to seeing you again in October.

Yours
Alan
