Dear Mr. Keightly,

3/10/70

I am a research student at Downing College, Cambridge and am doing a PhD on Pre-Raphaelitism and English influences on the Catalan 'modernista' period. I am under the supervision of Dr. Geoffrey Walker of Fitzwilliam College. Recently he asked me whether I would be attending the Anglo-Catalan society in the coming Michaelmas term and whether I thought I'd like to offer a paper to the society. I am certainly very keen on this idea and could almost certainly get something together on a particular aspect of 'Modernisme'. I think I joined the society in 1967, but I cannot now remember - if not, perhaps you could send me details of membership, and also let me know whether I could write something for the coming conference.

I look forward to hearing from  
you.

Yours sincerely,

M. J. McCarthy
