Cambridge.

Dear Josep,

I wonder if you could send me two copies of a brief summary of the paper you intend to deliver to the Anglo-Catalan Society as soon as possible. ~~Do you know yet if Aramon is staying on after the International Conference for our Conference? I have had no word from him.~~

I should also be very pleased if you would introduce Dr. Batllori's paper at 11.30 a.m. on Thursday 13th September. I know it is immediately after yours, but I would prefer to have a native Catalan speaker in the chair when another native is speaking. If I manage to get a summary out of him in time, I shall send it on to you.

Yours ever,

B.
