Dr Doctor George

Thankyou for sending me the information about the conference in Louthampton.

I'm sorry I didn't get the previous information and that in any case I was unable to attend. Josep Duran from Barcelona spent a few hours with me on his way back and told me all about it. I also had a letter from G. Walker.

I am now enclosing my yearly subscription which I hope is the usual. Please let me know if it has been changed.
