Dear Mr. Russell - Jebbitt,

I am the English representative for the International piano Competition, organized by "das Jova" in Barcelona. As it is a Catalan cultural activity and purely private I thought that the members of the Society could be interested in it. I enclose the propaganda for the second Competition. The next one will take place in April 1957 and I will send you

the details about it, if you wish.

The prizes in the next competition will be given by private people or societies interested in music or in Catalan activities and will bear the name of the sponsor.

There is a "Patronat" the members of which pay 1000 pts a year and "Amics del Concurs" that pay about 250 to 300 ptas. Do you know of anybody who would be ready to help?

Yours sincerely

Rita J. J. Humble
