DEPARTMENT OF SPANISH.  
THE UNIVERSITY.  
SHEFFIELD. 10

My dear Joe,

This is the first time since our lunch that I've really had time to write: the onrush of term, this time with more and better students, new lecture notes, meetings etc have completely snowed me under. Again, may I say how very much I enjoyed the short stay in London, down to the omlette place and the living evidence of the Wolfenden Report! The irruption of Waldron, too, was much enjoyed. Hope you got back safely and are now at the job again. We have had lots of flu. Have you escaped?

I'm enclosing a short statement about the Society which I should like you to forward to the Anglo-Spanish League of ~~Friendship~~ Friendship (Sec.: Mrs N. Baxter, 24 Clanricarde Gardens, London, W 2), who, Pring-Mill assures me, would be interested in publishing it in their journal. This is non-political and seems to me the right place for some publicity. Kindly keep a copy of it for our files and make any change you think necessary. I hope the work arising from the lunch hasn't been too heavy. Llubera writes to say he has provisionally booked at Belfast for next March and feels sure all will go well there regarding arrangements.

There's not much more to report: my book has been held up in the last two weeks, but I hope to begin again soon. I also intend to take up your kind offer to see if certain titles I wish to see are at Cambridge, and I'll send a list later.

Meanwhile, all our best to you at home and the university,

com os abraços carinhosos de

*Frank Rine*

PS We're having a lecture from Ullmann here tonight and our own society is having Stern later this term.

How goes the work on your Spanish ms? What of the thesis and its publication?
