

Barcelona 2-6-66

Dear Professor Terry:

First of all thank-you very much for your letter of the 3rd May. I will wait very eagerly for your next information.

Thank God! I have already got the second reference. I include it in this letter. I hope it will be fully satisfactory for you and the committee.

Thank you for your interest in my health. I feel completely well, now, and it must be so because I am studying very hard for my exams that I must pass during this month of June.

I hope I have not caused you too much trouble with my petitions.

I will wait for your instructions in your next letter.

Best wishes

Yours sincerely

Magdalene Jones
