Dear Brian,

Just a note in a hurry. Could you send direct to Parker precise details of the recent action against the Institut d'Estudis Catalans? I haven't got much information as to what exactly happened but, talking about it with him yesterday, he was very put out and said if he had factual details to refer to he would write to the Spanish Embassy, through Sales, lodging a protest. I feel that anything that will encourage him to do so is welcome, so could you send him whatever information you have, please.

As ever

Amable
