Dear Reichenberger,

I understand from Cyril Jones that you have agreed to act as American Secretary to the coming Conference of Hispanists at Oxford. It is also now proposed by the Anglo-Catalan Society that it should hold its 8th Annual Conference in Oxford, 14th-16th September, in order to take advantage of this gathering. The organising committee in Great Britain Association of British Hispanists approve of this move.

Would it be possible for you to indicate which American Hispanists would be interested in staying on for this conference? As I shall be issuing a circular shortly, I should like to have a list of names and addresses. Would you be able to give me a list of possibles in the U.S.? I apologise in advance for the additional trouble this means.

Yours sincerely,

RBT
