Nottingham.

Dear Mr. Russell,

I received your kind letter on leaving Glasgow for holidays. It will be a great pleasure for me to attend our First Conference in Oxford. Unfortunately I have not got any subject ready to be enclosed in the programme.

I shall only be at this address till the 24th and, then, I shall be moving continually in a round about western and south-western England together with Gubern and Gialt, whom I shall meet in Liverpool on the 24th. Anyway we will

be in Oxford on Friday 15th. April at night and
try to contact immediately some of yours.

I am very much looking forward to meet-
ing you and the other members of our Society
by then.

Yours sincerely,

J. Pérez-Bellestar
