The enclosed letter turned up for me, but it's more your side than mine. Can I leave you to deal with it?

Socis Proteções are very slow in replying this year - indeed only 3 so far. I think we'll have to think about starting up a general appeal through the membership to recruit more Socis P's.

Please note change of address of one of them:

M^r J. Holden-Peters. % Price Waterhouse + C^o,

What about the Nov meeting? - any news on
Arrangements? Zingardas has sent me a whole
pile of Jan. on the Dulcinea Restaurant and he
says he's also sent you copies. Have you made
any contact or arrangement with Dulcinea?

Which menu do you want to go for? - And what
about arrangements for Friday evening? I don't
want to press you on these matters, but if any

'subsidies' from the 'treasury' are needed for our
activities I ought to be thinking about the financial
implications and a strategy. Will you give me

a ring soon too to let me know what you have fixed up?
Off to Rome on Sept. 25. Hope you had a good vac +
break. a.b.w. yrs aye Siff
