Oxford.

24/11/77

Dear Alan,

Thank you very much for your letter of the 17<sup>th</sup>. The hernia operation is hardly a fortnight old, but I seem to have made a very quick recovery.

All your arrangements for the conference are very good. If the Watfield lunch is successful, it will be ideal. If not, it was well worth trying.

12-15  
Geoffrey Welles tells me today that he has written to you suggesting a meeting with Badia for the 11<sup>th</sup> about an hour before the lunch, i.e. 11. It seems a good idea — could you inform Totò & Bakista? Thank you.

Perhaps on the Agenda, item 6) you should mention that Prof. Antoni Badia: Margarit will talk about A.I.C.L.C.? I'll mention him at the beginning, anyhow, so perhaps there is no need under A.O.B. I would like to present to the Conference that draft of the conditions for our scholarship for approval.

I wonder if it would not be easier for me, as I will be welcoming the members to the Conference, if the 1st item ((and our special guest - Badia))

in the agenda was my report. Then matters  
arising from the last minutes. Then your report, etc

It will be a good & full conference

I am now — looking forward to

seeing you then,

John
