Saturday

Dear Brian,

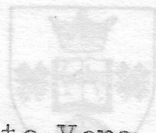

Thanks for card about the A/C circulars. It is hard for me to know how many to ask you for. You might think of an ideal list of Catalans and Catalanists abroad and I shall compare it against the list of acceptances we have. So far we know neither Batllori nor Soldevila can come because the Crown of Aragon do coincides. I have recently written to Aramon telling him about our two conferences and urging him to come with Jordi Rubió and others. I think we should get Aramon at least. We shan't be issuing our next general circular until January, 1962.

About our visit next Saturday, many thanks, Brian, for getting tickets for the boys and also for your kind invitation to lunch at the club. Una, Jeremy, Johnny and I will arrive in Nottingham at 12.57 on Saturday. We are looking forward very much to seeing you all and to the show. Sorry we have had to change our plans, but we feel that Jeremy's interest in things like drama should be encouraged. Teen-age preoccupations are ahead for you!

Una bona abraçada,

Xalternately send it to Cyril Jones, whom I should see till Dec. 19th.

PS We've just bought the complete Vera Tassis of Calderón which Gili advertised in his new catalogue. £33.
