Dear Dr. Yates,

Many thanks for your long brown-ink letter. I obviously sent my long typed letter before receiving yours. I nevertheless hope that my outline of objectives will be useful for committee meetings etc.

May I ask you for an official typed letter indicating the A-C's support for the project? (This would obviously be a shortened version of your letter.)

Also, do let me see your translation of the Osh's play (I'm very interested) and let me know when Esther comes out.

I look forward to hearing from you
and thank you again for all your
help.

Yours ever,

John Larkin.

P.S. Do you know how to get one of
these 'bars d'Etat'? I tried
but you will be back.
