My dear Russell-Gebbett,

Just a line to tell you that Blackwell now informs us that it is possible to obtain back numbers of the Boletín de la R. Acad. Esp. from the first date of publication (1914), at about 12/ per volume, which I think is very reasonable. Herewith the dope if you and Geoffrey are interested.

It was most pleasant seeing you in London and having the chance of a long chat in the train on the way home. I hope this kind of meeting can become a regular feature of our studies in this country, for one needs contacts with opposite numbers and I, for one, should strongly support any effort to arrange an annual conference of British Hispanists.

Kindly give my best wishes to the 'Boss! I trust he gets out of hospital soon. By the way, my offer to put you up should you feel like coming up here to look at the Revue Hisp. will, I hope, be taken up.

With all good wishes,

Yours sincerely,

Frank Rose
