Dear Dr Yates,

Thank you for your letter of 27 June. I am just off on holiday to France but I shall let you have what you want when I come back. Again I want to emphasise that I am very much a beginner on Catalan politics and I would be giving the paper in order to learn from the society's members and not in order to give them an authoritative discussion of Catalan politics.

Best wishes,

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Jack Brand', written over the typed name.

Jack Brand
