Dear Mr. Yates,

Thank you for the A-C Society broadsheets received. These are perfect - what was needed. In due course, if you have extra copies, better let me have more, as I do receive quite a lot of enquiries from schools, colleges, universities, teachers, etc.

In the meantime, please find attached herewith a list of names and addresses that might show interest with our Society. Nothing is lost by sending them a copy of this broadsheet.

Yours sincerely,

G.M. Alcoverro.
