(afternoon)

Dear Russell-Jebbett

I am enclosing a list of people who may be interested in our A.C.C.G. — though some may already be members & others be in your files.

Now that we begin to have something substantial to offer (Scholarship in Catalonia, Cartell de Premis, First Conference) we may ask

them in our circular letter to suggest other names as possible members.

If the number of papers offered is sufficient it may be better to have a session on Sunday morning than too many papers on Saturday. What about having lunch on Sunday instead of dinner on Saturday as the social function?

I very much hope that Prof. Frank Pierce will be coming. I imagine he will have to deliver the closing address & thank hosts & members. Failing Prof. Peter Russell, Prof. Trueta seems to be the best choice to open the Conference & welcome the members.

With best regards

yours sincerely

W. B. B. Batista-Roca
