30. vii. 1989

Dear Dr. Yates,

Many thanks for the note with the two volumes.
Please could I have another Espin copy? Euno
Gallen asked me for one. I have forgotten what
the reduction was for A-C-S members.

Still no news from the Generalists - since
May! They were very unresponsive when I was out
there. You couldn't write a letter to ^{Jordi} Lujol, could you?

Finally, apart from Dati Durlin and Crma, have
you done any other play translations? The
Soho Poly Theatre is going to do workshop
readings of your own Spanish plays and therefore

got it and will be. The idea is to work
with translators. I've sent them a copy of Dali.
Let me know if you're interested. They could
be a possible venue for the festival.

With best wishes,
Paul,

John-London
