Dear Mr. Yates,

You would never sufficiently appreciate how grateful I am to the spontaneous and valuable information that you have given to me.

I surely will call to the first appearance of Dr. Oliver's Dictionary, as any dedicated nurse would assist to the new born baby.

Regards to your kind invitation to join the Anglo-Catalan Society, I certainly will give a serious thought to it. I did not know its existence and it puzzled me till I read something about.

I will appreciate further more if you would be able to send me more detailed history of such Society.

Yours sincerely,

Ramon Porta S.E.M.
