Dear Tate,

Thank you for your letter and the information about the examinations. I note that you wish me to set the same papers as last year, and I hope to let you have the drafts before the end of the vacation.

I have just heard from Salas that the long projected visit of Vicens Vives has apparently now materialized. I must say I am a bit cross about this since the original arrangement I came to with Raymond Carr was that Vicens should lecture at Oxford and London, and Carr undertook to make all the arrangements and to keep me informed. I have not heard a word from him since, but I am writing to him to find out what is happening and I shall let you know the dates of Vicens' visit to England in case this will be of interest to the Anglo-Catalan Society.

With best wishes,

Yours sincerely,

Professor R.B. Tate,
