OXFORD.

Dear Mr. Tate,

Your circular letter about the annual conference of the Anglo-Catalan Society has been received in Professor Macintosh's absence. He will be away now for two or three months - visiting the Sudan, Ethiopia and other parts of the African continent. It is difficult, at this stage, to say whether he will be able to attend the conference, but if he is, I know that he will not wish to read a paper, and naturally, he will not require accommodation.

Yours sincerely,

Secretary to Professor Macintosh.
